

## ONSITE DRUG & ALCOHOL SCREENING

Through the use of onsite drug testing, many companies are proactively enforcing a drug free environment. CorporateChoice is able to provide a number of different methods of drug testing, depending on what the customer needs and on the companies procedures and policies around drug testing.

- Pre-employment
- Post incident/for cause
- Monitoring
- Random
- Return to work

### CorporateChoice can assist you with

- ✓ Onsite delivery of Drug and Alcohol testing anywhere in Gippsland & Metropolitan Melbourne
- ✓ Real time transparency of service delivery and same day reporting
- ✓ Nationally accredited testing services
- ✓ All our nationally certified drug testers meet the training requirements for a collector in the Australian Standards AS/NZS 4308:2008 and AS 4760:2019
- ✓ Technical advice on testing equipment and what methods of testing best suits your requirements in line with Australian Standards and/or contract requirements
- ✓ For confirmatory testing we use a NATA accredited laboratory that complies with workplace drug testing facilities in Australia
- ✓ Policy Development
